MASTER WOODCRAFT CABINETS GUIDE TO

Doors and Finishes

MADE WELL ■ MADE SUSTAINABLY ■ MADE BY FAMILY

*Our Multifamily
Roots Run Deep*

Value

The perfect balance of style and quality, built to last well beyond the depreciation cycle of your property.

EMPLOYEE AND CUSTOMER FOCUSED, FAMILY AND COMMUNITY ORIENTED

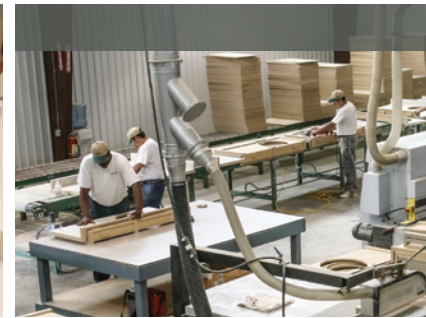

Our character and commitment to craftsmanship have created a workplace environment that truly cares for each other, our customers, and our community. We at Master WoodCraft Cabinetry simply don't want to make cabinets... we want to make a difference in lives.

- ▶ **We Care for Each Other** – We focus on a safe workplace environment with a yearly goal of no recordable accidents.
- ▶ **We Care for Our Customers** – We strive for long-term, mutually beneficial partnerships.
- ▶ **We Care for Our Community** – We have multiple community philanthropies including corporate partnerships with Pittsburg State University, Wiley College, and Texas State Technical College.
- ▶ **We Care for Our Country** – Our cabinets are made in the USA using domestic and globally sourced materials. Keeping production here in the USA creates thousands of jobs, supporting both local communities and the domestic economy.
- ▶ **We Care for the Planet** – We ensure no waste goes to the landfill and we ensure all of our materials meet or exceed national emission standards.
- ▶ **We Care about Our Product Performance** – We utilize higher quality materials, resulting in longer product life.

“Quality People Produce Quality Products” is more than just our tag line, it's the secret to our success.

Master WoodCraft Cabinetry craftsmen take pride in their high-quality work.

Crafting Excellence

Made Well. Made Sustainably. Made by Family.

Crafted by dedicated employees, our manufacturing plants in Pennsylvania and East Texas are staffed with craftsmen who take pride in the products they produce. We do this with one goal in mind: to produce high quality, low maintenance products that endure today's lifestyle.

We are committed to protecting the environment and using resources responsibly. All of our products are CARB ATCM 93120 Phase 2 and TSCA Title VI compliant.

- ▶ Proudly Made in USA*
 - Manufacturing facilities in Thompsontown, Pennsylvania; Marshall, Texas; and Jefferson, Texas
 - Over 750,000 sq. ft. of manufacturing space
 - Over 350,000 sq. ft. of warehousing space
- ▶ All our products are certified to ANSI A161.1
- ▶ Our top coat provides consistent finish and durability that will last for years
- ▶ Vertically integrated laminate top shop in Marshall, Texas
- ▶ Turnkey installation services ensure product installation and punch are under direct supervision of Master WoodCraft Cabinetry employees

** using domestic and globally sourced materials*

“Quality People Produce Quality Products”

It's more than a statement painted on a wall, it's a commitment echoed in every stage of cabinet and countertop manufacturing.

Turnkey delivery and installation services are available.

High-quality joinery and expert finishes are the hallmark of fine craftsmanship, and every cabinet is manufactured to meet strict durability requirements.

Design Flexibility

Specify with confidence.

Our manufacturing process provides our partners the flexibility to choose the door styling and construction methodology they desire without fear of availability. We are the only multi-family cabinet company that will provide any door style on any construction methodology we offer. We will even consider special requests for finishes, designs, and functions.

Our customers can choose from framed or frameless cabinet construction, standard or full overlay door and drawer front construction, an immense selection of stain, paint, thermofused melamine, and thermofoil finishes, and many cabinet upgrade options, i.e. soft-close functionality.

Our expansive product collection spans from the modern tastes of the Millennials to the discerning expectations of the Baby Boomers.

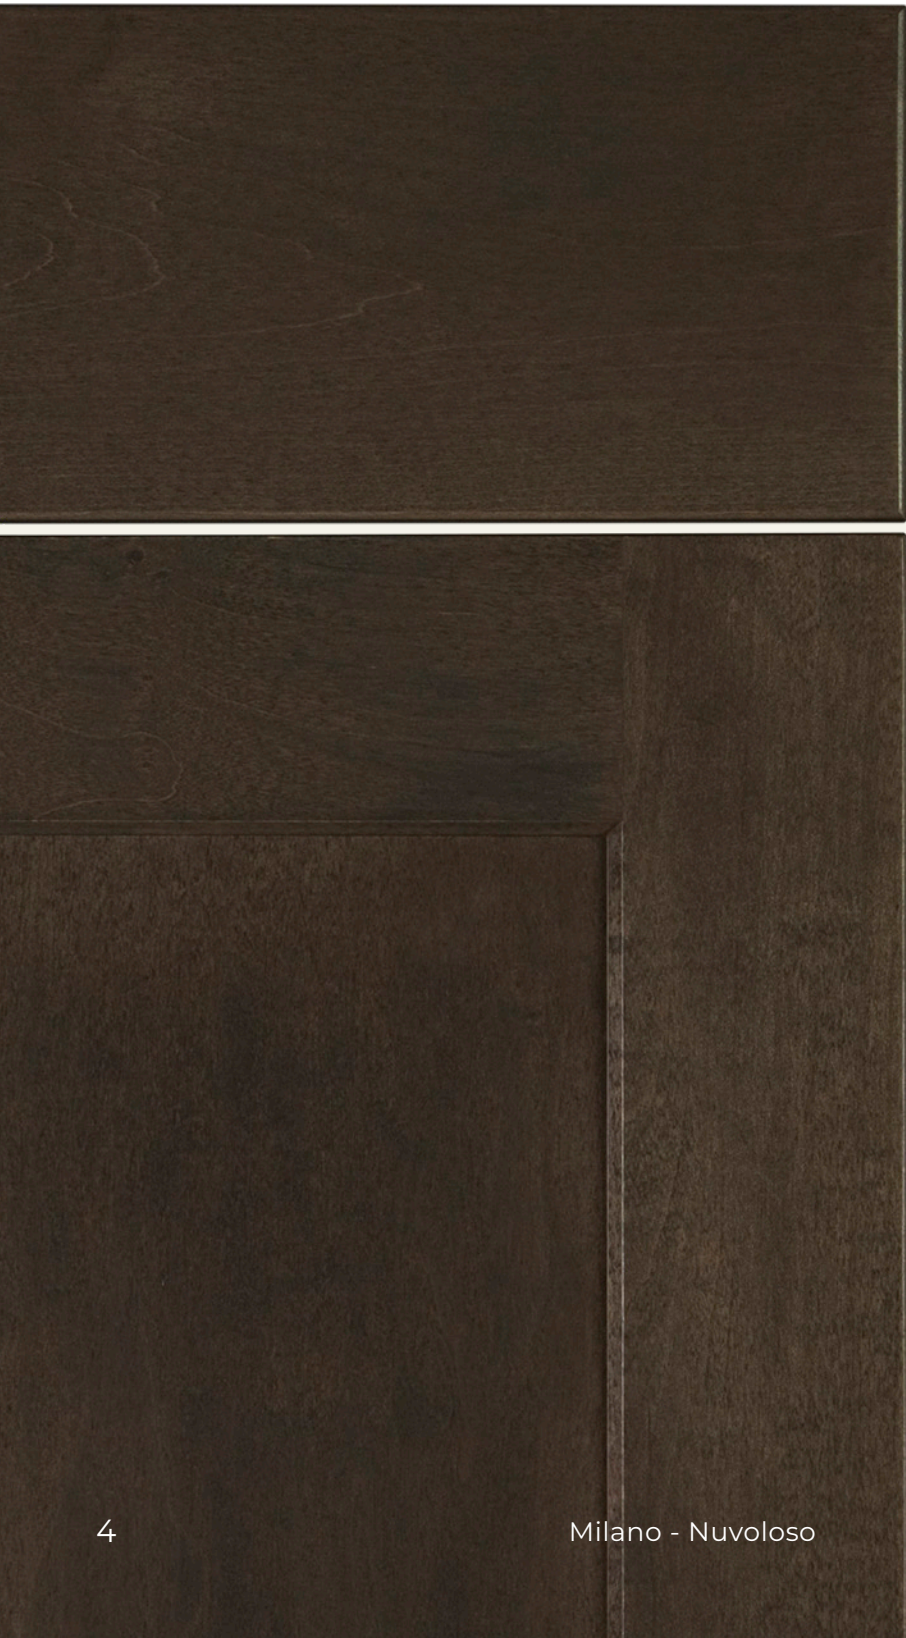

Please feel free to contact us at design@mwccabinetry.com to discuss the specifics of your projects.

- ▶ Styling ranges from Contemporary, Modern, Transitional, and Traditional
- ▶ Over 1,200 door / finish combinations (*Stains, Paints, Thermofused Melamines, and Thermofoils*)
- ▶ Framed or frameless construction
- ▶ Standard or full overlay doors and drawer fronts
- ▶ Combination cabinets and integrated fillers are often utilized, effectively eliminating the unsightly vertical lines
- ▶ Special requests considered

Master WoodCraft Cabinetry is part of the National Kitchen and Bath Association (NKBA).
Master WoodCraft Cabinetry products are compliant with ANSI A161.1 - 2022
Performance and Construction Standard for Kitchen and Vanity Cabinets.

NOTICE: For aesthetic considerations the furniture and cabinet industries have made veneer on composite panel substrate the standard method of construction for raised panel-in-frame doors in some wood species. Within the Master WoodCraft Cabinetry product line, those species include poplar, NAH, and maple.
NOTE: Due to printing limitations, color pictures cannot be guaranteed to exactly match the actual cabinet material.
